do, that they can defend themselves. I never tried to slip anything over on this body. I have always told this body to watch Carpenter because he bears watching and that is right. You should and I presume for the most part you do. But the amendment that he is trying to take off, you knew full well what it was. It was supported at that particular time by the Chairman of the Budget Committee and many other people. It was adopted almost without any opposition. I didn't slip anything over on anybody. I can only speak for myself, and when I attempt to do it without a reasonable explanation then I serve my purpose in this body.

PRESIDENT: Now, is there any further discussion of the Mahoney amendment. Senator Richendifer.

SENATOR RICHENDIFER: I might respond to Senator Carpenter. I didn't specifically, his amendment I thought that the Attorney General's opinion and I thought that that was the first time that I saw his amendment that was adopted. More than likely I voted for the amendment but what I was trying to say is that before we vote for these amendments we should be at this late in the game we should be aware of them and they should be placed on our desk. For that matter he is capable of slipping in an amendment.

PRESIDENT: Senator Carpenter.

SENATOR CARPENTER: Why don't you make a motion that all of these amendments from now on be put in the Journal and put on your desk before we act on them. Why don't you do what you say.

SENATOR RICHENDIFER: Mr. President, I'll make the motion that all the amendments that adopted on these bills on Select File be placed on our desk before voted upon.

PRESIDENT: Just a moment. Senator Richendifer write out your motion and send it up please, and the motion is out of order at this time because we have the Mahoney amendment before us at this time then if you care to bring that forward that is fine. Senator Mahoney.

SENATOR MAHONEY: Mr. President, I wish that we get back to that later on but I would like to handle this right now if I could. This would be the section that takes care of the electronic computer and it would delete and take that portion out and Vince if you want to read that section again so that they could.....
